We, as a Generation,

"Little drops of water, Little grains of sand, Make the mighty ocean And the pleasant land.

. . . And such has been the life of Worthy High during this past year. In one fleeting moment, we laugh, we cry, we learn, and we grow wiser -- together. Each moment races by with a uniqueness of its own. No matter how insignificant and unimportant one small minute may seem, every tiny second of the minute contributes to our lives. This past year that we have spent together represents a small part of eternity. This time -these minutes -- can not be retained by anyone. One has only the cherished memories of this dear and glorious past. To make the parting of time and friends seem less abrupt and acrid, the 1965-66 Choo Choo Staff presents an excerpt from R. B. Worthy's contribution to eternity.

Administration Kept Apace

Mr. Lynn F. Moore works diligently on a school report.

We would like to take this opportunity to thank Mr. Lynn F. Moore for his able leadership and administration of students, faculty, recreation, and educational growth. In the past twelve years since Mr. Moore has been principal at Saltville, the school has grown in educational aims, in dignity, and general appearance. Mr. Moore received his B.A. degree from Emory and Henry College. He did graduate work at the University of Virginia and received his M.A. degree from George Peabody College.

Mr. Robert G. McCoy, a graduate of Virginia Polytechnical Institute, served as assistant principal. Mr. McCoy also teaches world geography at R. B. Worthy High School.

Mrs. Elaine P. Mullins was R. B. Worthy's efficient secretary. Mrs. Mullins worked along side Mr. Moore and Mr. McCoy to keep the school paperwork in order.

Mr. Robert L. McCoy gives advice to Tom Plake, Con Gates, and Ralph Price.

We Paid Tribute to Mr. Moore

The Choo Choo Staff, on behalf of the school, wishes to express its appreciation to Mr. Lynn F. Moore for his outstanding leadership. Because of his quality that demands respect and obedience, a new and more progressive school has resulted from Mr. Moore's twelve years in Saltville. However, his ability is reflected not only in the school but also in the community. For example, he is on the Board of Deacons at the First Baptist Church in Saltville, is a past president of Kiwanis Club, and is a member of the Masonic Lodge. Although he does have such a busy schedule in school and community, he finds time to enjoy a joke or to attend an athletic event, where he stresses the importance of sportsmanship over victory. Thus, we pay tribute to Mr. Moore, an outstanding educator who embodies those qualities that he aspires to instill in his students -- those qualities of integrity, sincerity and devotion to one's duty.

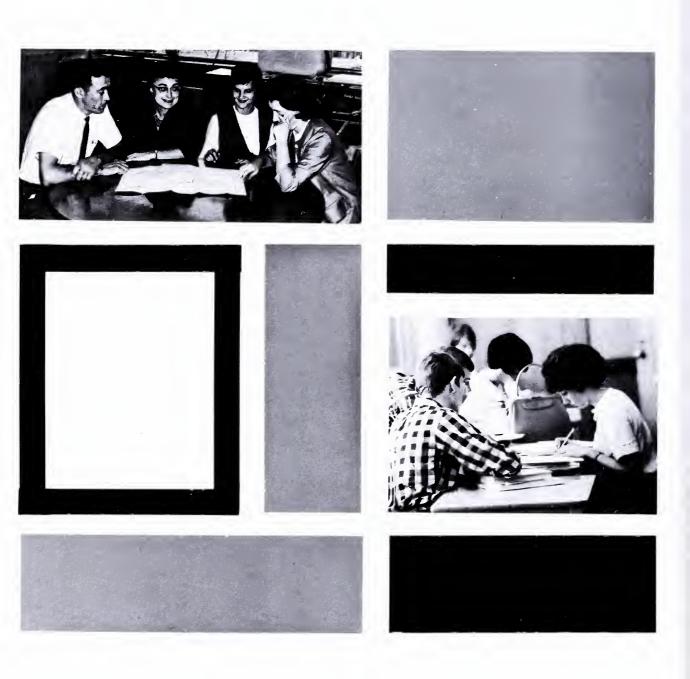

Mr. Moore makes a variety of announcements at the beginning and ending of school every day.

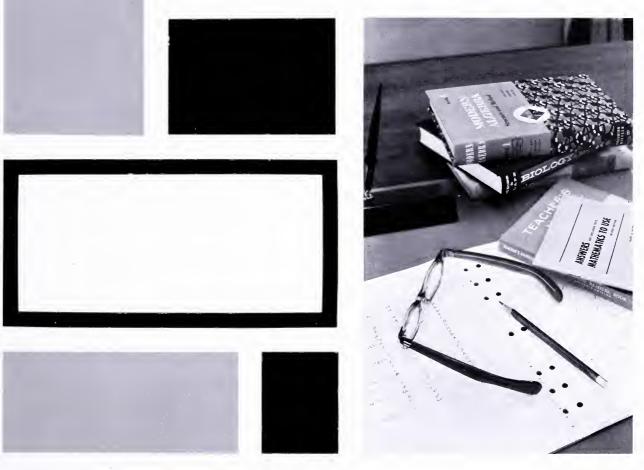

Mr. Moore looks over plans as he view the construction of the new high school building.

Mr. Moore's outstanding personality is shown here as he casually chats with students about their future plans.

Patty Patterson, Carl Mitchell and Coy Hughes, Art II students seriously apply themselves to their creations.

Raymond Farris, B.S. East Tennessee State University Art

Art is a means of expressing one's self in emotion and finding hidden talent. The students of R. B. Worthy High developed the talent and skill which was found in the well-rounded teaching program. The students have talent and interest in art had a chance to display their original ideas and concepts.

Students having talent in music developed their skills to the highest degree. Many long and hard hours were spent in chorus and band. The chorus gave a concert for the students, and sang at several of the area churches. Three of the R. B. Worthy students made all state chorus.

Business Dept. Trained Future Leaders

The Business Department opened many new and fascinating fields to the students at Worthy interested in Business Education. These business students had opportunities to take courses such as typing, shorthand, bookkeeping, general business, and office practice. The business rooms were equiped with machines and dictaphones to help the students further their education. When the students at Worthy finished these courses they were elgible for further training either with a job or entering a trade or business school.

Home Economics and Industrial Arts Varied Vocational Skills

The Home Economics program was arranged so that every student, no matter what her capabilities, developed her skills to the highest degree. This year the students who took Home Economics at R. B. Worthy High learned the techniques of housing, cooking, clothing, and interior design.

The students participating in the Industrial Arts program of R. B. Worthy High School found no substitute for developing the talents and capabilities of their minds. The program was arranged so that students studied and learned mechanical drawing, woodworking, metal working, and welding.

D.E. and Guidance Prepared Students for the Future

This year's program of Distributive Education proved to be one of the most valuable ever to have entered R. B. Worthy. Mr. Cochran, D. E. advisor, helped his students to develop to the fullest extent their business abilities. This extensive and informative program provided a great aid to the Worthy students.

The expert advice of the R.B. Worthy guidance counselor, Miss Mable DeVault, aided in the solution of the numerous problems of the students. While applying for college, students discovered the value of the materials in the guidance office. The many attainable materials guided the students toward success while at Worthy High.

English — The Foundation of Life

Wanda Clear, B.E. Emory and Henry College Seventh Grade Reading, English

Mrs. Janice Connett, B. Ed. Emory and Henry College English and History

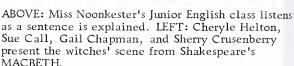

Helen Frye, B. A., M. Ed. Meredith College University of Virginia English and Spanish

Don Morgan, B.A. Emory and Henry College

Carol Noonkester, B.A. Emory and Henry College English

From Chaucer to Steinbeck, from nouns to objective complements, from poetry to research papers, from short stories to Greek tragedies -- this was the variety of English studied this year at R. B. Worthy.

English is important in every walk of life and so it is stressed continually. Senior's who passed the entire schedule of English found themselves prepared for greater heights because so many branches of the English courses were explored throughout their high school years. In Freshman English the foundation was laid, in Sophomore and Junior English the walls were constructed while Senior English topped it all off.

Although it took five long years of hard studying, every graduating Senior felt proud to have completed this full curriculum.

The tape recorder is in frequent use in Spanish class, as is shown by Miss Frye's second-year class.

Students show that translation of Latin stories is enjoyable.

Spanish and Latin Baffled Students

UPPER: Discussion of the great bullfighters is a highlight of the life in Spanish classes.

LOWER: Miss De Vault explains a sentence to her first-year Latin class.

"En espanol, por favor," was a phrase frequently heard by students taking Spanish I, II, and III this year. After a week or less in either of these classes, every student knew that Spanish was the language to be spoken -- not English. Tape recorders, daily discussions, complicated drills, lively fiestas and vivid filmstrips contributed variety and interest to the Spanish curriculum at Worthy.

The Latin program of 1965-66 was highlighted by the students' active participation in class. Numerous plays, skits, and class cantatas helped develop each individual's knowledge of Latin.

Students welcomed the modern and refreshing approach to this ancient language, which is the basis of the English language.

Audrey Hardin, B.A. Emory and Henry College Library

LEFT: Rodney Hogston and Randall Allison have learned that the easiest way to find a book is by use of the card catalog.

Worthy Maintained a Modern Library

Miss Hardin is assisted in her work by two Library Club members, Sue McCready and Connie McCready.

A good library is an essential part of any school. For where else may one find information on the sleeping habits of a hermit crab, how to construct a Laser, books of fiction to read, and his favorite newspaper or magazine. The library offers these services and many more.

The many non-fictional books were catalogued in the card catalogue for easy reference. Several sets of encyclopedias were also available for student use. The Reader's Guide offered an index of the many back issues of magazines stored by the library. In addition to these, a file of pamphlets was on hand for student reference. The library also boasted a file of film-strips for the use of the various departments. Aided by student librarians, Miss Hardin was always ready to help anyone in his or her library work. Yes, this year the library played a useful and necessary part in the education of the students at R. B. Worthy High School.

Mathematics Revealed a Complex World

Mrs. Woods watches as Jim Montgomery explains a problem to the other members of the advanced math class.

A person does not have to be a scientist or an engineer to need math. Indeed mathematical training is becoming more and more important in social sciences and in business. Accordingly the math curriculum at R. B. Worthy offered courses which taught everything from writing checks and figuring income tax to computing the number of diagonals of any polygon or the probability of a tack landing on its head. The courses offered included advanced algebra, trigonometry, unified geometry, business math, general business, two courses in traditional mathematics and two courses in algebra.

Although students will not know as much about mathematics as Einstein, they will be well versed in the basic concepts of math upon completion of the courses in our fine mathematics department.

As part of their regular warm-up exercises, the boys' phys. ed. class performs jumping jacks.

Today physical education is enjoyed more because the program is planned to suit the taste of every student. It deals with learning skills, co-operation between students, and care of the body as well as building up the bodily strength for strenuous activity. This year at R. B. Worthy the students participated in various sports including volleyball, tumbling, speedball, football, soccer, and basketball. During the winter and bad days of summer, students of both boys' and girls' physical education classes shared the gym.

Learning first aid and the care and function of the body was taught in the health class. The eager students who wished to obtain their learners' permits were taught drivers' education in the classroom. The students of R. B. Worthy have learned a lot -- thanks to the physical education teachers.

Social Studies Broadened Outlook

UPPER: Miss Callihan's government class views one of many film strips on current events. LOWER: U.S. History students under Mr. Smith study for upcoming test.

The social studies classes of R. B. Worthy High this year have included courses in United States History, World Geography, Economics, World History, and United States and Virginia Government. The students have not only studied about the past, but also about the present. Besides very informative courses, the students have had debates, discussions, guest speakers, and have taken field trips to broaden their knowledge. Since the war in Viet Nam has involved the United States, the classes have discussed and debated on the war and have learned why the United States should fight in this war. The students of R. B. Worthy High School could not have broadened their knowledge so much if it had not been for the very skilled teaching staff we have had this year in the Social Studies department.

Certainly people need to be familiar with fundamental principles of science in order to understand the highly technical world today. This basic knowledge was just what the science students of R. B. Worthy acquired. Courses in chemistry, biology, and two levels of general science were offered. In addition, the Olin Chemical Corporation sponsored special two-hour courses in advanced chemistry and physics.

In the newest course in the science department (Science Research), students were concerned primarily in developing individual projects.

Members of Senior Science class, Rodney Farris, Roger Hogston and Wesley McCready, are shown working on their individual projects.

Mrs. R. Catron, Mrs. B. McCready, Mrs. R. McCready and Mrs. B. Harris prove to be an asset to the school.

We Depended on an Efficient Staff

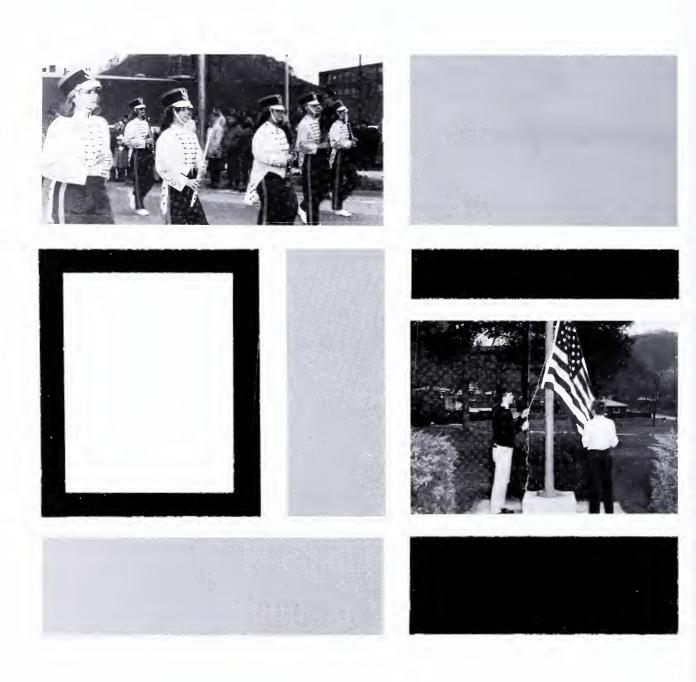

Although we seldom thought about it, the staff performed essential tasks. They were on the job long before we arrived and stayed until after we left to insure that we had the best conditions to study under. They prepared a nourishing lunch for us. They also brought us to school and took us home. Our school could not have functioned without the efforts of a dedicated staff -- to them we owe many thanks.

Mr. F. Harris, Mr. M. Hunt and Mr. O. Hunt work diligently to keep the school looking its best.

The Student Cooperative Association of R.B. Worthy had a very hard working year. The officers, representatives, and sponsor worked diligently to improve the Student Council.

Many committees were set up such as a smoking committee, which attempted to control the smoking problem at school; the constitution committee, which saw to it that clubs had their constitution; project committee, which observed all projects.

The S.C.A. sponsored the Homecoming Dance, which was a great success, and it also recognized the parents of football players at the last home game.

Much hard work and effort was combined to improve the clubs, student activities, and school life in general. The administration, student body and student council working together made 1965-66 a school year to remember at R.B. Worthy.

Beta Club Provided Tutoring System

The Beta Club of R. B. Worthy was composed of outstanding academic students who also excelled in character, leadership, and ability. The Beta Club had standing projects of presenting an American Education Week Assembly, collecting for the Easter Seal Drive for crippled children, and helping to promote the dignity of R. B. Worthy in any way.

The Beta Club of this year had over 30 members who strived hard to maintain the standards set for them by the National Beta Clubs. R. B. Worthy Beta Club members worked hard because they realized that it was a great honor to be a member of a club that was a vital part of a fine school.

Key Club Served School and Community

The Key Club is a service club sponsored by the Kiwanis Club of Saltville. It is composed of "key" male members of the tenth, eleventh and twelfth grades. This year the Key Club proved to be a valuable asset to R. B. Worthy High. In addition to the regular projects such as raising the flag each day, cosponsoring the Christmas Dance and the Valentine Dance, delivering Christmas baskets and conducting mock elections, many new projects were undertaken and completed by the club. These included placing a flagpole in the football stadium, sweeping the gym before

basketball games, constructing an eraser dusting box and several others.

This year a greater effort was made to co-operate with the sponsoring Kiwanis Club. A highlight of this cooperation was the Charter Day Banquet attended by Key Clubbers and girl friends as well as by Kiwanians and their wives. The individual members of the club in addition to the school and community benefited from the Key Club. It can truly be said that the Key Club has lived up to its motto, "We Build."

Sr. Tri-Hi-Y Encourages Good Sportsmanship

The Senior-Tri-Hi-Y had another successful year. As recipient the outstanding club award for the past three years, this club still worked to better itself in any way possible.

As a club whose emphasis was on Christian living, the Sr-Tri-Hi-Y had many projects to further the idea of religion emphasis at R. B. Worthy.

The Sr-Tri-Hi-Y had many projects this year such as: Maintaining the bookstore,

Ambitious young members along with the few experienced leaders of the Worthy Hi-Y Club provided for another successful year for the club. Eager to be the best club ever, they carried out many new projects. Some of their accomplishments included keeping the school campus clean, co-sponsoring the children's Christmas party and furnishing transportation to sporting events.

Jr. Tri-Hi-Y Sponsored Clean-Up Campaign

The Jr. Tri Hi Y has strived to maintain its purpose, which is to create, maintain, and extend throughout the home, school and community high standards of christian character. Among the projects to keep the school clean were washing blackboards and waxing desks in the homerooms. Other projects were sending favors to an orphanage at Easter, co-sponsoring the Christmas Dance, preparing Christmas and Thanksgiving baskets, and attending the District Conference at Fort Chiswell High School. Every member felt that this was a very successful year.

Meeting to discuss Hi-Y Week are: Faye Collins, V. Pres.; Mrs. Duncan, Sponsor; Donna McMahan, Pres.

Preparing favors for a local orphanage are: C. Poston, P. Dinsmore, J. Little, I. Keesee, C. Ratcliff, C. Goodman, R. McNew.

F.H.A. Promoted Activities Day

The Future Homemakers of America is a national organization of girls studying homemaking in high school. It was an integral part of the homemaking program and provided opportunities for students to have additional experiences in planning and carrying out activities related to homemaking. Members of the local chapter developed a program of work including projects and experiences based on personal, family, and community needs.

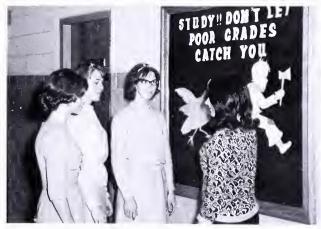

The FHA continued many of its former

projects such as serving at various banquets and presenting an assembly program. One of the new projects of the club was sponsoring an activities day each Friday. On thse activity days the student body was divided into two groups -- the junior high and senior high. While one group was having a sock hop in the gym, the other group was in the auditorium watching a student talent show. The whole program was strictly voluntary. Thus the year was crowned with success for the FHA.

To work toward and to recieve a FHA degree is considered by the members a great honor. J. Everhart, S. Arnold, M. DeBord, L. Colley, L. Brooks, F. Cahill & K. Clapp are working on special duties in order to receive their degrees.

Glenna DeBord, Linda Hayden, Shirley Hayden & Trudy Oliver do last minute preparations on the Thanksgiving Bulletin board.

F.B.L.A. Completed Many Business Projects

The Future Business Leaders of America was established upon the development of competent, aggressive, business leadership, to promote school loyalty and to encourage improvement in scholarship. To carry out these goals the 1965-66 F.B.L.A. completed such projects as typing and running off Programs for the annual JayCee Beauty Pageant and programs for the Junior

and Senior plays. Other projects to serve the school and community were: typing gradesheets for teachers, typing Data Sheets for the Guidance Department, conducting Survey of 1965-66 graduates, sponsoring F.B.L.A. week and typing such things as ballots and tickets. The principle project which included all members was serving as secretaries to teachers.

Typing grade sheets for teachers are: V. Hammond, N. Hicks, D. Allison, J. Delp, S. Keith, L. Henegar, G. Minton, T. Woodward, and G. Chapman.

Library Club Worked for Fellow Students

The Library Club has always been an active service club, and this year was no exception. The thirty-five loyal members assisted Miss Hardin in managing our modern library. They checked out and shelved old books, in addition to numbering, stamping, shel-

lacking, and pasting pockets in new ones. They also decorated bulletin boards, arranged exhibit cases, kept a school scrapbook, and prepared a Christmas basket for a needy family. Giving of their free time, the members helped make our library one of the best.

Cutting out letters for the teachers is one of the projects for the 1965-66 year. Shown here are K. Carter, T. Phipps, C. Hunt, B. Mitchell, L. Hayden, C. Whitley, C. Ratcliffe, S. Frye, S. Mc-Cready, and L. Rector.

Science Club Gained National Affiliation

The Science Club, whose purpose is to promote the science program at R. B. Worthy High School, is composed of students interested in various fields of science. At each meeting certain members set up and explain scientific demonstrations to stimulate interest in science. Some projects carried out this

year include a Christmas basket for a needy family and the cleaning and sorting of apparatus in the science department. Each year, the Club's major project is to present a book to the Library. This book, which pertains to science, is helpful to students and teachers as it contains new facts.

C. Surber, J. Wright, J. Coulthard, and L. Tuggle perform an interesting experiment for the club in the Advanced Chemistry Laboratory. Mr. Brown, sponsor of the Science Club presents the award from the Virginia Junior Academy of Science to the officer, Salle Dalton, Secretary; Barry Chapman, President; Robert Abersold, Treasurer, and Joe Dan Shortt, Vice President.

Spanish Culture Revealed Through Club

Membership in the Spanish Club, whose purpose is to stimulate interest and create an understanding between Spanish speaking nations and American nations, was open to all students who had one year or more of Spanish. The main project of the Spanish Club was the adoption of Bertha Baena Estrada, a little Mexican girl. The club went Carolling and prepared a Christmas basket during December. Later in the year,

members of the club presented the Spanish Club play, which introduced the students of R. B. Worthy to some Spanish customs and traditions. The public enjoyed the Spanish Club Fiesta in the spring when students dressed in Spanish fashion presented a supper for their benefit. The Spanish club was truly an important part of R. B. Worthy this year as it promoted the appreciation of Spanish and Spanish customs.

Latin Club Presented Interesting Assembly

The aim of the Latin Club was to stimulate an interest in Roman culture and history, and to appreciate their influence on us today.

The Latin Club is affiliated with the State Junior Classical League and also the National Junior Classical League. Each year the club sends a representative to the State J.C.L. convention. This year, our president went to the

convention which was held in Richmond.

Among the various projects of the Latin Club is an assembly program which is given each year. Also, the club filled a Christmas Basket and collected toys for underprivileged families. A check was sent to Care and a book on Rome, or some phase of it, was given to the Library.

Only by completing their initiation can R. Davidson, C. Connett, C. Swartz, and S. Gross become recognized members of the Latin Club.

B. Chapman, S. Dalton, S. Smith, B. Olinger, C. Surber, L. Crusenberry, K. Elmore, and R. Wilson discuss plans for the Annual Latin Club Convention.

Occupations Were Unlimited for D.E. Club

The aims of the DE Club were to encourage individual and group iniative and competition: to help develop future leaders for marketing and distribution and to become aware of the opportunities in America's system of free enterprise. In order to accomplish these goals the DE Club participated in a number of activities such as the Fall Rally at King College, the District V Conference, and the State Leadership Conference.

Variety of Dramas Were Seen at Worthy

Lively and hilarious dramatical selections provided a world of entertainment for the R. B. Worthy student body and faculty of 1965 and 1966. Assembly programs sponsored by various school clubs encouraged and informed those who attended. The Beta Club, D.E. Club, F.B.L.A., and the F.H.A. presented assemblies which explained that particular club's origin and purpose. The general public, as well as the student body, was able to share the enjoyment of

Worthy dramatics. A large crowd attended the farce sponsored by the Junior Class entitled, "How Green Was Her Boyfriend?" A crowd of equal magnitude attended the Senior Play entitled, "No Boys Allowed" . . . Both plays were credited as being "outstanding". This season dramatics has indeed proven outstanding in entertainment and education. The students who made this possible are indeed worthy of the praise they received.

"The Greatest American" was presented by the members of the Beta Club for assembly.

Long after other students had gone home, members of the annual staff remained after school working on the annual. After the spring organization, members sold advertisements to area merchants to help pay for the annual. Then from the first of school until the last of February, when the annual went to press, the staff concentrated on layouts, composition and revision of copy, and creative photography. As a direct result of this work the 1966 Choo Choo will forever preserve the events of a great school year.

Under the guidance of Miss Swecker and Mr. Morgan, the staff is to be congratulated for a job well done. Working after school, the staff made certain the paper would come out on time. The efforts was worthwhile as long as the students were informed about the many interesting features of the year.

Stage Band Was Organized in '65

The R. B. Worthy "Shaker Band" concluded another successful year. The band participated in many facets of curriculum such as parades, concerts, football games, and their newly organized Stage Band.

With only 50 students participating in the band program, Mr. Joe Wilson, the director, produced a band of which all were proud. Also, during the year he organized a stage band, which provided much fun and entertainment for the members who participated.

The Band participated in the Southeast-

ern Band Festival and in the annual Concert Festival. In each of these the Shaker Band brought back home awards that were achieved by much hard work and practice. Individual work in the band was highlighted by three members making All-State Band. The school year came to a close with a much improved band. The band members truly had a year filled with many experiences. All the hard work and practice that went into the year 1965-66 proved not to have been in vain when the Shaker Band was in performance. 1965-66 was truly a successful year for the R. B. Worthy Shaker Band.

The new stage band at R.B. Worthy is shown during one of its many practices. This band, which plays jazz and popular tunes, has met with great success this year.

Miss Dee Dee Cahill is crowned Homecoming Queen by Mayor Totten amid the excitement of the crowd on this special occasion.

An alumni banquet on the evening of Friday, October 22, marked the beginning of the Shaker Homecoming of 1965. The annual Homecoming Parade on Saturday afternoon proved to be "the best ever." Many beautiful floats and spirited bands were cheered by the enthusiastic crowd that lined the parade route. The judges chose the Senior Class float as first place winner, the Sophomore Class float as second place winner, and the Junior Class float as third place winner.

A pep rally immediately after the parade set the pace for the Shakers. The band played, the cheerleaders yelled, and the enthusiastic fans really showed the boys they were behind them for the game Saturday night.

At the game the traditional Shaker spirit was undampened by the rain that showered down heavily upon the team and spectators alike. The Shakers handed the Trojans a 14-12 defeat.

The half-time ceremonies brightened up the rainy night. Even a continuous downpour could not prevent the traditional Homecoming ceremonies. In the midst of rain, and tears of joy, Miss Dee Dee Cahill was crowned Queen of the 1965 Homecoming. The Maid of Honor was Miss Shirley Frye; Senior Attendant was Miss Gail Chapman.

Homecoming

The climax of the week was, of course, the homecoming dance. Students enjoy this opportunity to socialize with their friends.

The 1965 Shaker Homecoming, termed a huge success, was terminated by the traditional dance in the R. B. Worthy High School cafeteria following the game.

The Seniors make the record, FIVE wins out of FIVE entries, by taking the first place award.

Even the "brains" have time to pose for a picture. Pictured here are the Worthy scholarship award winners. These students battle homework, classwork, and various obstacles, but somehow manage to attain a high average -- the highest in his class, as a matter of fact. This past year's winners were R. Hogston, B. Smith, R. Wilson, C. Olinger, J. Willis, and C. Connett.

A type of literary culture, typical of ancient Athens, was exhibited at Worthy High this year. Pictured above, are the winners of the school forensic competition. Helen Surber, representing the poetry division, read "The Highwayman," and Jo Ann Crabtree, representing the prose division, read "A Child's Dream of A Star." Jo Ann also took second place at the county competition with her reading.

Brilliant Scholars, Musicians, and

This year Worthy High was privileged to have a delegate sent to both Girls' State and Boys' State. The two delegates, Vicki Osborne and Eddie Asbury, were elected by the Junior Class. This program, which wnables its attendants to understand the basis and functions of our government, was sponsored by the Saltville Post of American Legion and Clark's Pharmacy.

Pictured above are four of the most outstanding Shaker football players of the year. At the annual banquet, Sonny Minton was presented the Academic Award; Eddie Asbury, the Mr. Shaker Award; Charlie Sanders, the Most Valuable Player and Roughman awards, as well as recognition of making the All state team; and Dooger Branson, the recognition of having made All-District teams.

Harry Haynes, Susan Smith, and Phyllis Hayden pose for a picture shortly after returning from the Western Division of Virginia All state Band. Selection of these students, which is based upon individual musicianship, took place at the annual tryouts. At the actual festival, Harry participated in the Workshop Band and Susan and Phyllis Participated in the Concert Band.

The Worthy Chorus was honored by having three of its members selected to participate in the Virginia All-State Chorus. Kathy Roberts singing soprano, Nicki Smith singing bass, and Dee Dee Cahill singing alto, form a delightful trio. Pictured above, the trio practice diligently. Such practices as these led to their selection for the All state Chorus.

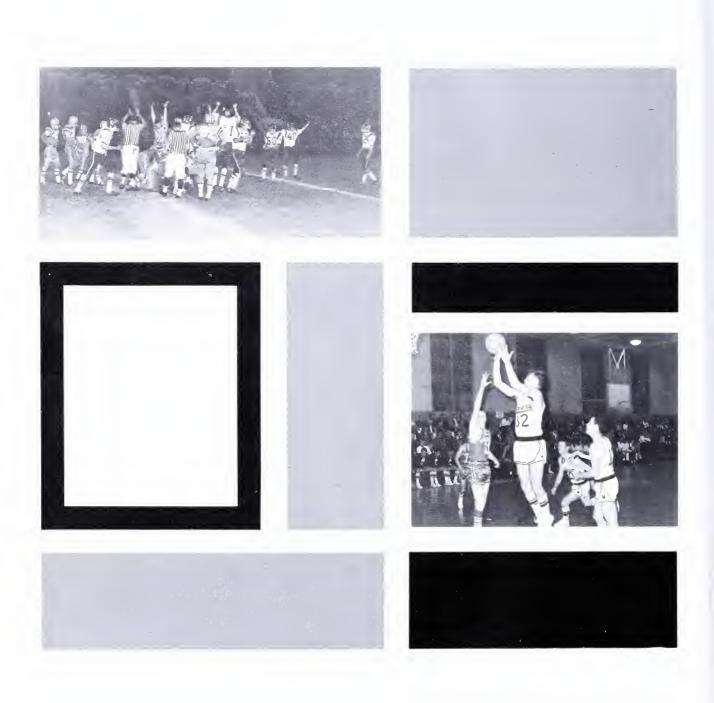

Athletes Showered W.H.S. with Honors

Wesley McCready, Roger Hogston, Brenda Call, and Jim Montgomery discuss the results of a summer's work. Each attended a summer program sponsored by the National Science Foundation. The programs, held at Virginia Tech, University of Virginia, and Emory and Henry, were for high school juniors and seniors who had shown interest and ability in the fields of mathematics and science.

Shakers Posted 12-0 Record in

The basketball team of R. B. Worthy High School had kept the fans on the edge of their seats the whole season. Although the Shaker basketball team had strong competition, they proved themselves capable of standing up to any foe.

The shaker basketball team, coached by Frank Lewis and led by co-captains Doug Branson and Jim Montgomery, compiled an overall record of 16-2 for the season. The co-captains along with the rest of the team members jumped into the season with high hopes of becoming the District 6 Champions. With high aims and a lot of rough, hard work the boys of the Shaker basketball team made their goal.

The girls of R. B. Worthy again showed their ability to participate in athletics. They began their season with a new coach and many new girls. But as time went by, all combined their efforts to make a basketball team which their opponents knew would be hard to beat. The J.V. and Varsity teams were picked from a group of about 50 girls. The J.V.'s, although they were an inexperienced team, came out with a record that could well develop into an undefeated team next year.

Shaker Grapplers Improved '64 Performance

Although this was only the second year of varsity wrestling, the team proved to be a headache for their competitors. The squad lacked experience, but they made up for it with the desire and determination to win. The team got off to a slow start with Tazewell but the undefeated Marion team was nearly upset by the Shakers in their second match 23-27. It takes several years of tough competition and hard work to produce good wrestlers. Worthy has the raw material; all we need now is the experience that only time can bring. With this in mind, we can expect great things from our wrestlers when they get a few seasons under their belt.

Shakers Were Champions in First Year

The Shaker football team started off the season with a determination and a drive to be champions of District 6. Their high spirits and unfaltering desire quickly won them this title. Coached by Harry Johnson and assisted by Nelson Ross and Dal Brown, the Shakers strived to play fair and achieve their goal. Their efforts won them many hard fought games and many well won

victories. Captains, Charlie Sanders and Eddie Asbury, helped greatly in the determination to be a champion team. This victory could never have been won if each team member and the coaches had not worked together. Their reward is a "job well done."

Track Team Broke Three District Records

Track this year has been one of the best crowd-drawing events ever witnessed by any other Shaker track team. They had many boys out for the events and many of them won hard fought battles. Three records were broken in the District Track Meet held on the Shaker track field. Doug Branson broke the pole vault record of 11 feet 1 inch; and Mike Hodgson broke records in both the high and low hurdles. They practiced hard and in many ways fought hard to get their wins. Coached by Frank Lewis, the boys showed a desire to win and willingness to be successful.

Action Was Key Word for Shaker Baseball Team

The 1965 Shaker baseball team will always be remembered by their many spectators for their good natures and a strong desire to play a fine game. They practiced many hours and worked hard for their victories, but win or lose, they always played with good sportsmanship.

Coached by Mr. Herndon and captained by Brack Smith and David Roberts, they made the most of fair play and good showmanship to finish with a very successful season.

Golfers Represented Worthy Well

This year marked the third season that R. B. Worthy has participated in golf. Compared to the other teams in the district our team is still young, but already the team has won a Championship; and in the 1965 season the team finished third in the Southwest District Tournament held in Saltville. Aided by Coach McCoy, a great golfer himself, and sparked by the playing of Morgan and McCready, the golf team had a successful season against the larger schools of Bristol, Marion, Tazewell, Graham, Richlands, Chilhowie, and Abingdon. The team is looking forward to competition in District 6 next year.

Cheerleaders Placed Energetic Shakers

The Cheerleaders, sharing in the victories and taking part of the defeat upon themselves, sponsored pep rallies, decorated goal posts, and displayed posters in an attempt to inspire the never-dying Shaker spirit.

These girls made Worthy High School proud of its name through their constant efforts to make the students as well as the team strive harder for a victorious '65-'66 school year.

Jr. Varsity Cheerleaders are Teresa Phipps, Cathy Carter, Connie McCready, captain; Kay Clapp, and Linda DeBord.

CLASSES

Senior class officers are Rodney Farris, vice president; Dee Dee Cahill, president; Gail Chapman, reporter; Shirley Frye, secretary; and Patty Jo Allison, treasurer.

The Senior Class Was Efficiently Led

R. B. Worthy's class of 1966 made school history. Each year of high school, and in the seventh grade, they walked away with the first place float in the homecoming parades. Clubs, athletics, and schoolwork held top priority in the lives of those future graduates of '66.

As juniors, they worked hard to present a very successful play entitled "Take Your Medicine."

 $\mbox{Mr. Farris}\,,\,\mbox{Miss Callihan}\,,\,\,\mbox{and Mr.}\,\,\mbox{Ross discuss plans for a bulletin board}\,.$

The proceeds from the play went toward the Jr.-Sr. Prom, "In The Misty Moonlight." The class of '65 and '66 danced as the soft glow of candlelight and romantic music set the mood for an unforgettable night for all who attended.

The senior year was filled with joy, anticipation, and sadness at the thought of leaving many lifelong friends after graduation. Arrival of the senior rings was the first of a number of exciting events to come. In October the class started off with a bang when they sold over \$1,300 worth of magazines. This was way over their goal of \$1,000. The money from magazines, Homecoming corsages, and the snack bar helped to send the Class of '66 on a Memorable trip to Washington, D.C. Last but not least came graduation, and with feelings of accomplishment and pride, the Class of '66 looked forward to a bright future as the leaders of tomorrow's adult world.

Outstanding Seniors Selected by Faculty

Sam Caldwell

Rodney Farris

One of the greatest honors available at Worthy High School is to be chosen as an Outstanding Senior. One quality alone does not make a senior outstanding. He possesses numerous good qualities, which, combined, make him "favorably known" to the school and community. Among these essential traits are willingness to work for the betterment of the school, co-operation both with students and faculty, an honest effort in school work, a personality that enables him to work with others, and desire to help others. Hand-in-hand with these characteristics go leadership, sportsmanship, character, good conduct, and hard work directed toward upholding the high standards set by his predecessors at R. B. Worthy.

Indeed, the faculty at Worthy had a difficult task in weighing all these qualities and deciding who deserved this honored rank. Thus, these are the Outstanding Seniors of 1966.

Junior Class Had "Best Year Ever"

The class officers had worked hard to make the Junior class one to be remembered by all. This year the Juniors presented a play entitled "How Green Was Her Boy Friend." The money received from this play was used for the Jr.-Sr. Prom. Juniors were kept busy planning the prom theme and all were certain that this year's prom would be one that would be treasured in the hearts of all.

Homecoming provided a chance for the Juniors to display their artistic ability.

The class agreed that the book P.T. 109 would be appropriate for homecoming. For their hard work and artistic ability the Juniors were pleased to receive a 3rd place rating.

The Junior class has really worked hard this year to be a successful class. Each Junior has put forth an effort that can easily be recognized by fellow students. This year was truly a success for the Juniors.

Sophomores Sought a Common Goal

The members of the Sophomore class were at last a recognized and active part of R. B. Worthy. Underclassmen looked up to them for guidance and the upperclassmen began to notice them as mature individuals.

With outstanding leadership the class made many accomplishments. Having reached the tenth stepping stone of their school career, being sophomores, they began to prepare themselves for future goals.

The class was active in sports and other activities. Their float, "The Iliad," won second place in the Homecoming Parade, and many of the tenth graders were active and were an essential part of athletics, clubs, band and overall school life.

Working hard to make their school days beneficial and worthwhile, they thereby established a foundation to the future of which they would be proud and one of which they would remember with pride.

Freshmen Became Full-fledged High School Students

With the first year of high school behind them, the students of the ninth grade felt that they were truly a part of high school life. They were full-fledged high schoolers and were entitled to almost all the privileges of any other student. To ninth graders a vast varity of clubs were offered. Many qualified for basketball, football, cheerleading, and many other sports that were "off limits" to the eighth graders. The ninth graders really got into the full swing of good old high school life.

Officers of the 9th grade are Tommy Woodward, president; Connie Swartz, vice president; Frankie Rhea, reporter; James Stidham, Secretary; and Charles Olinger, Treasurer.

The class of 1969-1970 finally broke into the realm of real high school life. Most of these eighth graders were present last year at R. B. Worthy as the first seventh grade class to attend the high school. This year the Allison Gap and Saltville students combined to make an outstanding class of 108 pupils. For the first time, these students were able to join clubs, play sports, change classes, and really become an active, representative part of the bustle and hard work at R. B. Worthy. The eighth grade contributed greatly to the Homecoming Parade with their float, "For Whom The Bell Tolls." The eighth grade was outstandingly represented by their class leaders, their athletes, their band members, and their club members. They displayed the future potential that was combined in this eighth grade class. A year full of hard work, fun and new experiences filled the 1965-1966 year so that these students will long remember their eighth grade year at R. B. Worthy.

Seventh Grade Strived for Perfection

In August of 1965, eighty-four bewildered and confused seventh graders entered R. B. Worthy High School. This large class occupied three homerooms under the leadership of Mrs. Polstra, Miss Clear, and Mr. Smith.

Many new and different activities highlighted the year: pep rallies, assembly programs, class changes, and physical education. In addition to the new activities, the old familiar activities of band, under Mr. Joe Wilson, and Bible, under Miss Lenora Richardson, kept them busy along with the regular chore of homework and a busy class schedule.

But as the year went by, everyone became accustomed to his everyday problems such as the mad rush in the hall between classes. So, indeed, the seventh graders were well on their way to becoming high school students.

Opportunities Like Edison had are

WAITING FOR YOU

The inventions of Thomas Edison have affected the lives of people everywhere. They have created entire industries—ours, for example.

Under America's Free Enterprise system, inventive people like Edison can expect special compensations — profit, honor and satisfaction.

The hope of attaining such rewards has been one of our nation's greatest incentives to progress. It is a goal that prods imaginative minds in their quests for new products and methods.

Not everyone can be a Thomas Edison. However, every trained, dedicated graduate can anticipate a full measure of our society's rewards. All it takes is a willingness to work harder and contribute more.

Seniors will go to any length to recover their rings.

Herff Jones

One of the first events anxiously awaited by all Seniors is the day their rings arrive. To the Seniors it seemed that the rings would never arrive, but by the first of October, they were being proudly displayed. With these rings the Seniors Official Jewelers for R. B. Worthy High School

finally began to realize their status in school, their maturity, and their accomplishments. Their Senior ring is the one object which will continue to link a graduate with the memories of the happiest year of his life.
